STUDENT SPOTLIGHT

Ellie Brown

Ellie started her Travel and Tourism journey last year at Level 3.

In her second year with us, she showed a keen interest in working on board a private yacht. Since then, Ellie made it her goal to ensure she has all the required skills to apply for this role on completion of her course.

Ellie has researched how to gain her sea safety qualifications and has recently started to work within the hospitality sector of the college to gain knowledge on silver service, table set up and first class serving techniques.

Ellie has done this independently working outside of her own time timetable, within the colleges on site restaurant, on a Tuesday evening. Due to her dedication and commitment, Ellie was entered into the Craft Guild of Chefs British Student Culinary Championships and won the gold medal!

Ellie's teacher said

"Ellie has developed a range of skills during her time in college. She also developed not only as a person, but also academically. She has really shone in her second year and is now demonstrating her strength as a model student with a vast range of skills "
